*More mature to make the decision, when they are ready.

*Some Parents regret early advancement, forces the child into a math pathway, can hurt HS GPA.

*Additional stress at the middle school level.

Math Conversations

- * **Rush in Math**, gaps not seen Alg 2, can have potential damage to transcript or repeating the class.
- * **11th Grade State Test**: Alg 2 is the highest level tested
- * **MS Alg** (40weeks), Summer(24weeks), not the class to rush, foundation for all math moving forward.
- * **SHS**: some 9th graders not successful in Geo, retake Alg in 10th grade.
- * **National College Path**: 9th Grade takes Algebra.
- * **Calc BC**: Skip AB if Pre-Calc H good at math.

Math Acceleration Conversation

- * Summer Courses can be taken in High School to Accelerate
- * **6th Grade is not the last chance to advance in math**
