

# Calle's Guide To Success!

## Opening Lockers

By: Aidan Kam and Sora Kamiya

Opening your locker seems like a hard thing to do if you haven't done it before. But in reality it is a lot easier than you would expect. Here are the steps to open your locker:

1. Rotate the dial 3 times to the right.
2. Next spin the dial to the right to your first number.
3. After spin the dial to the left passing your first number then going on the second number.
4. After spin the dial to the right going straight to your third number.

There is a video on opening a locker on the official calle website at the bottom. You can also search up <https://www.youtube.com/watch?v=Kmx4WCAj77A> which will guide you through opening your locker. Before the school starts you will have a chance to open your locker, so you can practice opening your locker with no problem.

## The Elective Wheel

By: Ava Bulliant & Nisa Sagoo

Chances are that you chose the elective wheel. The electives that you will get are typing with Mrs. Wimberly or Mrs. Laurens, woodshop with Mr. Randrup, and life management with Ms. Gebel. In typing class, you practice typing and you do projects about internet safety and a country brochure. In woodshop you carve your name in wood, do tests about bridges, and paper airplanes. In life management you learn to cook, stitch, and you do this fun thing called cupcake wars! All the electives are really fun and we hope you enjoy them!

## Athletic Clubs After School

by Jovie Lee

Clubs are one of the best activities after school. These clubs are after school on the basketball and volleyball courts. The only club that is not on campus is running club. These clubs are run by Mr. and Mrs. Fowler and the students from South High school that are on the volleyball team.

These clubs are one hour, one day a week. They are really fun to do and if you do running club you get to run to the beach and when you're at the beach you get to eat pizza, buy ice cream, buy boba, and swim in the ocean! Have Fun!

## Recess At Calle Mayor

By: Mason Lofstrom Joshua Fossum

At Calle there are many things to do at recess, like going to play basketball, soccer on our huge field, the bars, or you could just go on your phone.

There is so much space on the field you can play a whole game of soccer, we have the soccer nets and you have to bring the ball. You can also go on the bars. You can do flips and pull ups, whatever you feel like.

On Calles black top there are 6 basketball courts to use and play on and there are also at least 6 volleyball courts which can also be used for tennis if the nets are lowered and also take the nets off for open space or hockey.

# A Tour of the Library

By: Naomi Tom and Shristi Karki

The library is pure paradise! You can find it on the row of rooms where rooms 29, 30, and 31 are. The library is also nextdoor to the computer lab (which you can read about on the next page). The computer lab and library even have a door in between them that makes them one large joint space.

Of course, the library is what you would expect - a room filled with many, many, *many* books that you can check out. But, as of this school year (2018-2019) the library was updated with new chairs. The new appliances include cute and small teal rocking chairs that sit in the few segments of the library. There are also tall chairs (the same color) that surround tall tables. The library used to have old, boring wood chairs that were starting to break. Now, the library has seen revitalization (ooh... word of the day!).

Plus, Ms. Asari, the school librarian, is pretty nice, and you can visit the library whenever it's open and just read silently, or chat with your friends quietly. It's really relaxing in the library - a nice place to just chill and hangout. Be sure to visit sometime!

# Jokes: Logan Thorsen

Why did Silly Billy bring a hammer to bed? He wanted to hit the hay.

What kind of phone does Snow White use? Android, because she doesn't trust apples.

Why is Cinderella terrible at sports? Because she always runs away from the ball.

# Calle Hacks: By Matthew Chao, and Dustin Bunch

1. Bring stuff for first and second period so you don't need to go to your locker.
2. Download Powerschool so that you can see your GPA because you can't see it on the computer
3. Talk to your teachers and get a good feeling if you like them or not.
4. Do not procrastinate on your homework so that you can relax on the weekends.

Where can I find out about all the cool things that are happening at the school?  
The Calle Mayor website: [www.calle mayor.tusd.org](http://www.calle mayor.tusd.org)

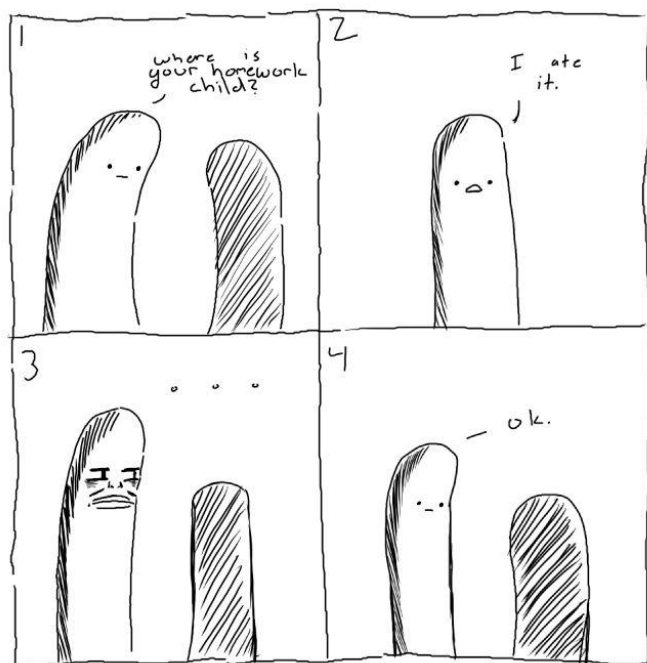

Check out all the webpages for helpful hints and information about the best middle school in Torrance! Go Bulldogs!!

## COMPUTER LAB BY :ALDO ARELLANO & OWAIS FAYOUMI

In the computer lab you can do many things such as playing school appropriate games, doing your homework, there is even a whole class dedicated to it if you have the elective wheel and not band or choir. That class is typing class. Everyday you come in and you have to read for about 10 minutes. After that you head to the computer lab. In the computer lab you practice for a bit and then you play typing games. If it is friday you do a test and after that you can either play games (school appropriate games) or typing games. You can go into the computer lab at nutrition or lunch time.

## Funny Comic 🤔

By:Anika Min, Kaden Nagay, & Vivian Truong

## School Dances 🎉

By: Anika Min, Kaden Nagy, & Vivian Truong

School dances are a very entertaining and fun event for students to go to. They include djs, a dance floor, and food. The tickets are free but you have to have your student ID and your parents signature to go.

Most students take a group of their friends to go but sometimes some students take their lover. There is also a photo booth where you can take pictures with your friends. Some like to dress up but you can come in regular school clothes too. School dances are a fun way to hang out and connect to others so if you ever get the chance, go have some fun at the Calle Mayor Middle School dances!

## Riddles 🤔

By: Shristi Karki and Naomi Tom

(write in the answers)

1. \_\_\_\_ When is homework not home work?
  2. \_\_\_\_ What is the first thing a dolphin learns at school?
  3. \_\_\_\_ Why are some fish at the bottom of the ocean?
  4. \_\_\_\_ You will always find me on the past. I can be created in present, but can never taint(Taints means a trace of bad or undesirable quality or substance)
  5. \_\_\_\_ How do bees get to school?
  6. \_\_\_\_ Why did king kong get into trouble at school?
- A. History  
B. He was always monkeying around in class.  
C. When it's done at school.  
D. Her A-B-Seas.  
E. On the school buzz  
F. Because they dropped out of school!

## An Interview About Mrs. Valot

By: Samantha Garcia and Kiana Garrett

Hello incoming fifth graders! We have many amazing teachers at Calle Mayor and Mrs. Valot is one of them. She teaches English and History. We have interviewed Mrs. Valot and she has some advice for you to make you an amazing student.

Be prepared when coming to class, have everything you need and don't go to your locker between classes (go at recess and lunch)

Make sure you read and write over the summer so that you maintain or improve your skills

Your summer reading list is something that the English teachers put together as the level of sixth grade reading

Make sure you have and finish all your assignments or homework

Enjoy your time at Calle and don't stress over little things, because even if it seems impossible to solve, you will be able to get over it with time

Ms. Chen

By: Ramsha Chaudhry & Keira Encinas

Hi incoming fifth graders. Ms. Chen is one of the math and social studies teaches here at Calle Mayor. Here's some advice.

1. Ms. Chen will evaluate based on performance
2. Ms. Chen's goals are to give more difficult problems
3. Ms. Chen's difficult problems will prepare you for 7th grade.
4. If you have bad performance than it will affect you in 7th grade
5. Focus more on tests than homework because Ms. Chen bases your grades by your tests
6. Ms. Chen will use more relevant slides based on your learning skills
7. Don't stress

Have a GREAT EXPERIENCE at CALLE MAYOR!

MS. CHEN IS ONE OF THE BEST TEACHERS!
