

# Incoming 6th Grade Summer Reading for 2019-2020

*Calle Mayor Middle School*

## Overcoming Obstacles

### Concept:

In 6th grade, we will be focusing on our transformation from elementary students into middle school students. These summer reading books have been selected to inspire students by allowing them to experience stories that explore character's overcoming obstacles. Students will be incorporating themes and ideas from their summer reading into their 1st Quarter work in 6th grade English.
