

JMS Student Tutorial Planner Sheet

Each week record the tutorial session on this page in your planner/agenda for the session you will be attending. Homeroom teachers will check your agenda for this piece every Wednesday.

- If you have been selected to attend a Closed Session, mark appropriately (see below example).
- If you **have not** been selected for a Closed Session you may attend a session of your choice (i.e. Open or Other) and record this selection in the box under the session type next to the corresponding date for that week.
- Make an informed decision using ETUSD prior to booking your session for the support you need.
- For an ‘Open Session or a Closed Session’ record the **Subject and Room Number** you will be attending.
- For a session labeled “Other” (i.e. MWC or Study Hall) simply place an ‘X’ in the box under that session, coinciding with the session date
