Application Packet

2022-2023

Torrance Unified School District  
Independent Student Physical Education

**ISPE 2022-2023 INFORMATION/APPLICATION**

Torrance Unified School District believes that all students benefit from participating in physical education that is provided through a comprehensive standard aligned program that integrates physical fitness into the broad range of activities that students enjoy. Quality physical education programs help all students develop health related fitness, physical competence, cognitive understanding, and positive attitudes about physical activity, so they can adopt healthy and physically active lifestyles. With high-quality physical education instruction, students become confident, independent, self-controlled, and resilient; develop positive social skills; set and strive for personal, achievable goals; learn to assume leadership; cooperate with others; accept responsibility for their own behavior; and, ultimately, improve their academic performance.

Independent Study Physical Education (ISPE) allows a student advanced study in activities not normally available in the District's physical education program. **ISPE activities must be a significantly different program that involves an activity in which the student is highly gifted and has become highly competitive at a national, state or regional level.** A major factor in determining acceptance or rejection of this request will be the difference between a recreational program and a competitive program.

If a request for Independent Study Physical Education is denied, an appeal may be made by submitting a letter to the Sr. Director – Secondary Education. This letter of appeal should specifically address how the proposed activity meets the District criteria and/or reasons why the request should be reconsidered. Your appeal will be reviewed and you will be notified of the status of your appeal following the dates listed on the ISPE calendar.

If your application or appeal is approved, you must set up a meeting with site personnel to complete the forms in this packet required by the State Department of Education.
